CHILDREN AT WORK

Reaching Drunken Parents.

AN EXAMPLE SET BY LITTLE ONES.

The Girls of His Parish Organize a Strong Temperance Society.

SPREADING THE IDEA IN THE DIOCESE

Rev. Father McTighe, pastor of St. Mulachi's Church, on the Southside, has taken a new departure in temperance work. Yesterday he organized a children's and girls' temperance society among the misses of his congregation. This was done in pursuance of the resolution passed at the general convention of the temperance societies,

held at Cleveland in August.

The new band of temperance workers starts out with about 50 young total abstain-ers. They range in age from 5 to 16 years and took the pledge until they are 21. They will be known as the Junior Temperance Society connected with the ladies' organ-ization. At the age of 16 the girls will be admitted to the latter organization and will partake of the benefits connected with it. Next Sunday a boys' junior organization will be formed and will be attached to the

THE MISSES ELECTED.

The officers of the new society elected vesterday are: President, Miss Agnes Carey; Secretary, Miss Teresa Gabig; Marshal, Miss B. Murphy. They expect to have a membership of about 200 within a few The children will wear a badge to be placed on their bosoms upon all occasions. A great many pastors have tried to reach the parents of children and get them interested in temperance work and finally have them sign the piedge. This has not been successful, and it is expected to get them by the new move of interesting them through their children. The latter will not only be total abstainers themselves, but the idea of constantly preaching temperance to their parents and others will be impressed upon their minds. The display of their badges will also, it is said, have a good effect upor those with whom they come in contact. PATHER M'TIGHE'S OBJECT.

Father McTighe expec's that all the other churches in the diocese will take the matter up and organize children's societies. In speaking of the matter yesterday he

"We have two societies here composed of young men and young women. I think the work can be further extended by interesting the children. The latter can be relied upon to take care of their parents, and will be a standing example to the latter to drop their intemperate habits. It is a well known fact that wherever you have a good temperance organization you have a higher grade of morals among the people of that community. The society not be composed of dead timber, but the children will be constantly urged to

The children will pay 5 cents per month into the treasury, and twice each year they will hold a festival of some kind. The officers of the ladies' society who organized them are: President, Miss Bose Kappler; Vice President, Miss Sarah Graham; Treasurer, Miss Susan Laughran: Financial Secretary Miss Mary Murray; Recording Secretary, Miss Kate Sullivan.

MANY MEN IN LINE.

St. Leo's German Catholic Church Formall; Dedicated.

St. Leo's German Catholic Church, on the Brighton road, Eleventh ward, Allegheny, was dedicated yesterday morning at 11 o'clock. Prior to the ceremonies a parade of Catholic societies was formed on Federal street and marched to the church. Over 1,000 men were in line, the societies present Mary's, St. Boniface's and St. Joseph's Churches, Allegheny; St. Martin's, West End; St. Michael's, Southside, and the German Catholic Church, at Chartiers; St. Joseph's Society and the St. Andrew's Light Guards. Frank Blattner was Marshal of the procession.

The dedicatory address was made by the Rev. Father Goebel, of St. Martin's. Mass was celebrated by Rev. Father Harrel, of Olean, N. Y.; Rev. Father Wertenbach, of Braddock, officiated as deacon; Rev. Father P. Adolph, O. S. B., as sub-deacon, and Rev. Father Woelfel, pastor of the church, as master of ceremonies. Rev. Father Kaufmau, of St. Joseph's, Manchester, and Rev. Father Bernard, C. S., of St. Michael's, Southside, assisted at the services. The German sermon was preached by Father Goebel, and the English sermon by Father

The new congregation is composed of a portion of St. Joseph's congregation of Manchester. It was organized about a year ago with the Rev. Father Woelfel in charge, and it is largely due to his energy that the new church is in existence. The building is a handsome brick structure with stone trimmings. It is two stories in height and is 38x92 feet. The lower story will be used as a school. The building cost \$12,000. Of this \$8,000 has been paid and the debt of \$4,000 will probably be lifted before spring.

WAITING FOR AN ANSWER. The Semple Building Offered to Uncle Sam

for a Postoffice.

Some gentleman claims he has the refusal of the lease of the Semple building, in Allegheny, until November 1, and he has magnanimously offered it to Uncle Sam to be used as a postoffi e, for a certain monetary consideration, which does not appear. Sam hasn't answered yet, but Manager Pat Harris is anxious to make a theater out of the place. The latter won't have I show until the Government has replied.

TIMELY RESOLUTIONS.

The Association of Fire Engineers Condon Overhead Wires-The Underground Sys

The agitation over the overhead wires is being fomented by the National Association of Fire Engineers, who seek to make the question a general one and fight it out at the same time all over the country. Superintendent Evans, of the Bureau of Fire, has received a series of resolutions adopted at the recent Convention of the Fire Engineers Association, and which are being sent to the heads of fire departments in all the cities of the country. The resolutions read as follows:

WHEREAS, The present method of overhead
wires, carrying high potential currents suitable for are lights, electric railroads, power
houses, etc., are exceedingly dangerous, especually to firemen when in the discharge of
their duties; therefore, be it.
Resolved, That we urge unon all legislative
bodies, both nunicipal and State, that the only
conceded safe method for the transmission of
such currents is underground.
Resolved, That wherever any overhead
method is allowed or tolerated that every
known precaution should be required by suitable laws and ordinances.

Resolved, That the present method of over-

Resolved, That the present method of overhead wires is very imperfect, and, however good apparently, deteriorates rapidly.

That we, the National Association of Fire Engineers in convention assembled, assert that the only safe method for such currents is underground, and place our most unequivocal condemnation on all overhead or suspended wires, for the reason of its great dancer to life as well sate preserve.

danger to life as well as to property.

Accompanying the resolutions is a statement from Prof. J. P. Barrett, of Chicago, in which he states that there are from 3,100 to 3,200 arc lights in Chicago; all the wire is underground; the potentiality is as high as 3,500 volts, and no difficulty is experienced; the only objection is that that it costs a little more to put the wires underground, where they are sa'e. In Pittsburg the only step that has been yet taken toward secur ing underground wires has been the passage of a resolution introduced by Mr. Kearns in Common Council, asking for an estimate on the cost of burying all the wires.

THE NATIONAL GAME

Discouraged as a Sunday Exercise by the

Pelice Authorities. The Police Bureau, having some time ago announced its intention of discouraging poker-playing as a Sabbath exercise, proceeded to put its precepts into practice through two of its most earnest theologians. Special Officers William Shore and Robert Robinson attended early services at 3:20 A. M. yesterday in 105 Second avenue, and took the Presiding Elder, John Jay, and a congregation of seven, who were intent on studying the book of Kings. When the contribution box was passed around at Central station they deposited \$10 each as for-

feits, which have not been redeemed. Shore and Robinson, about hals an hour afterward, repeated the operations at 35 Diamond street, where James Murphy and six co-laborers were studying mathematical combinations of fours threes and other desirable numbers. They were also gathered into the fold by the small pair mentioned above. This latter batch paid \$5 and costs

above. This latter batch paid so and costs yesterday morning. The proprietors in each case were held for a hearing.

Shortly before midnight of Saturday Chief Kirschler and a squad of Allegheny police visited a poker room on Second street, near Middle, in the Third ward. They found a poker table, cards and chips and six men. The tools were confiscated and the men arrested. Yesterday forenoon Mayor Pearson fined each of the men \$3 and costs. The prisoners were Henry Sutter, of Second street, Frank Sullivan, of Natchez street, Mt. Washington; Charles Meyers, of Mt. Washington; Frank McGinnis, of No. 269 Magnolia street; Christ Decker, corner of East and Second streets, and Louis Bess, of Third, near East street. The men paid,

SUNDAY PENITENTS.

Who See the Error of Their Ways and

Judge Gripp's Corrections. There were 57 cases at the Central station hearing yesterday morning, but they were nearly all very ordinary, and only four were given workhouses sentences.

Michael Cahill, for assaulting Albert Hohmeyer on Second avenue, Saturday night, was given 30 days; Louis Frew, charged with robbing Mrs. Braumeyer, of Old avenue, of a small sum of money, was given 30 days; Joseph Dougherty and Mary Jones got 30 days each for disorderly con-duct. Six vagrants, 19 drunks and 11 disorderlies were given the usual light sen-tences. Three men arrested as suspicious characters were discharged.

Three boys named William Jones, James Carney and William Charles, were arrested by Officer Boyard at an early hour yesterday moraing, loitering about the Boston House. They were held at Central station until their parents are communicated with in regard to sending them to the Reform School. At noon yesterday the parents of another boy imprisoned in the station sent him his dinner, and the bucket containing it was en-trusted to Sergeant McElhaney to give to him. The Sergeant went into the cell room, and calling out the boy's name, asked where he was. "Here he is: that's my name!"
exclaimed young Carney, and the Sergeant
innocently handed him the bucket. Half
an hour later, when the three hopefuls had
entirely devoured the meal sent by a kind whom it was intended was in another cell at the opposite end of the room. He cried bitterly when he learned of how he had been cheated, but his grief was appeared by the Sergeant, who sent out and got him a

An Unknown Man Found Dead in Skunk

Hollow Yesterday Morning. About 3 A. M. yesterday Thomas Hart, a road watchman on the Junction line, found the dead body of an unknown man lying in Shunk Hollow. Deceased was apparently a man about 55 or 60 years of age, with irongray hair, mustache and beard, and about 5

feet 8 inches in height.

The body was removed to the morgue yes terday morning, and a view showed that the unfortunate man must bayedied from starvation or exhaustion and exposure. The bones were iterally fleshless and the ribs protruded through their skinny covering. The bones of the arms and limbs were also almost destitute of flesh. The rumors of murder or railroad accident are absurd, as there is not a break in the unfortunate man's skin or a mark of violence on the body. The calloused appearance of the hands indicate that the man was a laborer.

Windy City Adherents Bent New York Sup-

porters in a Debate. An open meeting of St. John's Branch No. 35, E. B. A., was held yesterday afternoon in their hall, corner of Thirtieth street and Penn avenue, which was presided over by W. A. Golden, Esq. A very interesting programme was carried out, which consisted of songs, recitations, etc. There was also a debate on the following subject: "Resolved, That the World's Exposition of 1892 Should be Held in New York," B. A. Kilgallon and Daniel Leyden debated for New York, while D. Campbell and James Flynn favored Chicago. Michael Burns and Henry Duncan, who were judges, decided in favor of the negative.

NATIONAL DRUG MEN

Wholesalers Will Hold Their Annual Meeting in Indianapolis.

MR. GEO. A. KELLY IS PRESIDENT.

Some Important Trade Subjects Mapped

Out for Discussion. A BIG PROGRAMME GIVEN IN DETAIL

The National Wholesale Druggists' As ociation will hold their annual convention at Indianapolis to-morrow, and President George A. Kelly, of the association, who will preside over the deliberations, will leave for Harrisonville to-day. The only other Pittsburg firm holding a membership in the association is the L. H. Harris Drug Company, which will be represented by Dr.

L. H. Harris.

The forthcoming meeting is one of the most important in the history of the associa-tion, as many matters of national scope and import are to come up for discussion and action. William H. Schmidt, of Iudianapolis, Chairman of the Committee of Arrangements and Entertainment, has sent out circulars imforming the trade, by the authority of President Kelly, that the headquarters of the association would be at the New Denison House, and that special provisions had been made for the comfort and entertainment of the wives of the members, nany of whom will undoubtedly attend.

TWO KINDS OF MEMBERS. The convention is the fifteenth in the existence of the organization. There are two classes of members, active and associate. Of the latter class the following named Pittsburg firms are members: B. S. Fahne-stock, Fleming Broa., Hostetter & Co., W. W. Lawrence & Co., Wm. McCully & Co., O'Stheimer Bros., and the Pennsylvania White Lead Company. Representatives of most of the above firms will be present on the floor of the convention. The order of business indicated in advance by President

Kelly is as follows: The calling to order and the roll call, alter which President Kelly will deliver his annual address. The election of new members, both active and associates, will be followed by the reading of the annual report of Secretary S. M. Strong, of Cleveland. Treasurer A. B. Merriam, of Minneapolis,

will submit his annual report.

The reports of committees will be the most interesting stage of the convention. P. Van Shaak, of Chicago, is Chairman of the Membership Committee; M. M. Kline, of Philadelphia, is Chairman of the Committee on Proprietary Goods; Dr. Noyes, of St. Paul, is Chairman of the Committee on Legrant, is Chairman of the Committee on large islation. Mr. Noyes will make an elaborate report upon legislation in various States and will have a word or two to say upon trusts. It is understood that he assails the definitions of Hon. James G. Blaine and Andrew Carnegie.

CHAIRMEN OF COMMITTEES. The Committee on Drug Markets is headed by Fred G. Meyer, of New York; the Committee on Adulterations by A. R. McIlvaine, of Philadelphia; on Fire Ingurance by E. H. Doolittle, of Boston; on Pants, Oils and Glass, Oscar H. Whitelaw, of St. Louis, members from Pittsburg being Chas. F. Wells, J. W. Scully and W. W. Lawrence: on Transportation F. W. Lawrence; on Transportation, F. W. Schulte, of Kansas City, is chairman on Credits and Collections, J. C. Etiel, o Minneapolis, is chairman; on Fraternal Relations, James E. Davis, of Detroit, is chairman: on Commercial Travelers, L. H. Harris, of Pittsburg, is chairman. There are several minor committees whose reports will not prove of general interest. The an-nual banquet will be a great event and will be attended by between 300 and 400 ladies

and gentiemen.

The present officers of the N. W. D. A. are as follows:

George A. Kelly, Pittsburg, President; Peter Van Schaack, Chicago. First Vice President; George M. Olcott, New York, Second Vice President; J. C. Richardson, St. Louis, Third Vice President; C. H. Pettit, Louisville, Fourth and gentlemen. Vice President; H. B. Gilpin, Baltimore, Fifth Vice President; S. M. Strong, Cleveland, Treasurer: A. B. Merriam, Minneapolis, Secretary: Board of Control, W. A. Rust, Boston; A. U. Andrus, New York; James E. Davis, Detroit; F. A. Schulte, Kansas City, and R. W. Powers, Richmond, Va.

GORBLING REAL ESTATE.

The Baldwin Locomotive Works May Locate on the Kinkiminetan.

Agents are at work in the Kiskiminetan Valley, near Saltsburg, securing options on land. They want about 1,000 acres, and it is claimed they represent New Jersey and Pennsylvania capitalists. It is currently reported that if the land can be obtained the Baldwin Locomotive Works will remove there from Philadelphia. Real estate agents say there is a general healthy movement in their business in Western Pennsylvania, and a bright future for this part of the State is predicted.

No Longer in Doubt.

It is no longer a question but an absolute fact that merit is a winner all the time. Thrust an article of merchandise in the open market and if it has not the qualities claimed for it, it will live but a little while. Soon, yes very soon, the people will brand it n. g. Not so, however, with the real thing, but quite to the contrary. If it is thing, but quite to the contrary. If it is what it is claimed to be, that same public will indorse it by continuing its purchases. So it is with "Klein's Silver Age Rye." No better indorsement can be obtained than the continued sale to those who have been using it for years. Doctors and hospitals have tried it and are still using it, proof of which, if wanted, can and will be furnished aboundingly. Silver Age Rye being the aboundingly. Silver Age Rye being the only displayed whisky at the Exposition is another proof of its fearless position as standard old and reliable stimulant. W do not claim that it cures all diseases, but we do know that it is an excellent remedy for many. It is sold everywhere at \$1 50 per full quart. We also keep all the leading Pennsylvania rye whiskies, full quarts, 6 years old, your choice for \$1 00 per quart, or 6 quarts for \$5 00. Wines, brandies and or 6 quarts for \$5 00. AN ANSWER TO BROOKS.

Rev. Mr. Barnett Says the World Should Conform to Christianity. Rev. J. H. Barnett, of the Second Con-

gregational Church, preached last evening on the subject, "Accommodating Christianity to the Spirit of the Age." His sermon was a reply to a recent utterance by Rev. Phillips Brooks, that Christianity is a progressive religion and should conform it-self to the progress of human learning and society. Rev. Mr. Barnett held the opposite view. He declared that Christianity was a certain and unchangeable body of truth, as expounded by Jesus and the Apostles, and that it should be the effort of all ministers of the gospel to make the spirit of the age conform to Christianity. He deprecated the tendency among theologians who call themselves liberal to force new interpretations upon Scripture so that it may not appear to disagree with the hypotheses
